$20 \div 4=5$ in each group.
$16 \div 4=4$ in each group.
$12 \div 4=3$ in each group.

Great work so far today! You must be ready for a break.

## MATTHEW 5:16

Don't forget to have a healthy snack and a drink.

## Science

Yesterday we set up a comparative test.
We planted 4 beans in different conditions to find out what a seed needs to grow into a healthy, mature plant.

1. With sun and water
2. With sun but no water.
3. With water but no sun.
4. With no water and no sun.

Talk with your grown up about what you think will happen to each of the bean seeds that we have planted.

You might want to draw or write what you think will happen to each one on a piece of paper or if you have access to a printer, on this sheet.

## Let's listen to a song! <br> Which one do you like the look of?

## Line up the OSJ way!

## PSHE

- In PSHE this week we have begun to explore our unit 'Practise Makes Perfect.'
- We are all good at different things. Can you make a poster to show what talents and skills you have? Maybe you are good at dancing, drawing, playing football, crafting, using your imagination or reading. You can draw or write, it's up to you.
- I wonder if there are any things that you find more difficult. Chat to your grown ups about these things. What could you do to get better at them?

## Let's have a brain break!

## Move and Freeze Song

 prayer.

Thank you for our school.
Help us to develop our roots of faith and respect, so that we accept challenge, develop confidence and be inspired to learn.

So that we can grow in the love of God and be prepared for our future.

Amen.
