

Communication and Language

We are working on the children expressing their ideas and feelings about their experiences using full sentences, including use of past, present and future tenses and making use of conjunctions, with modelling and support from their teacher. We would appreciate it if you could encourage your child to speak in sentences and not answer with one word.

Physical Development

On Tuesday we will be having a PE coach in to work with the children. Mrs Pile will continue to work on their games and coordination skills on Thursday morning. Our fine motor control activities will be cutting out. The children will continue to work on writing their letters the correct size and using a good three point grip on their pencils.

Personal, Social and Emotion

We will be starting a new topic-Keeping safe, feeling safe. The children will recognise their own contribution to keeping safe and use simple rules for dealing with people and situations. This week we will be looking at how the children can recognise dangers around them and what they can do to keep themselves safe.

Literacy

This week we will be writing instructions on how to rescue the frozen peas from their icy jail. The children will be exploring the language of our new book and using them in their writing. In phonics the children will be consolidating all the sounds learnt so far sound. We will hear all the children read on Friday so please make sure you send their reading books in.

Hatchmere Planning

7.6.21

Understanding of the World

Hopefully if the weather is good to us we will be planting up the rest of our vegetables. The children will be exploring where the vegetables we eat come from and finding the different countries on the map. We will start to look at the history of the potato, its origins and how it has impacted our culture.

Parental Involvement Ideas

This week we going to be looking at how we keep safe in the world round us. Talk to your child about how they stay safe in different environments. This could include crossing the road, in the kitchen, in the car, in the garden, at the shops etc. Can they spot any possible dangers? What could you do to make that space safer? Who could help them be safe?

RE

This week in our class RE lessons we will be looking at the Christian concept of the Holy Spirit and that the Holy Spirit is like the wind and air that surrounds us. The children will be using their senses to explore the world on a windy day and talk about what they feel. The children will be reflecting on how the wind is everywhere and that we can't see it, but we know it's there.

'A sweet friendship refreshes the soul'.

Proverbs 27:7

Mathematics

This week we will be looking at compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. The children will be working on the instant recall of one more and one less up to ten and then twenty.

The children will be working on number formation and sequence every day.
