

## Delamere Class

### Spelling Homework

Autumn 1 – 22.9.23

Spelling words and activities will come home each week on this sheet. On the left, will be the words that we are exploring in spelling. On the right will be an explanation of the spelling rule we are learning and suggested activities for you to do with your spellings. Please spend time each night exploring your spelling words using the following activities.

#### *Week 2*

The spelling check for these words will take place on the **29<sup>th</sup> September 2023.**

would

could

should

door

floor

poor

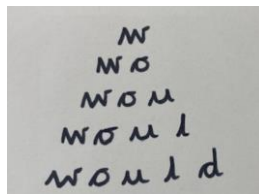

#### **Key spelling rule:**

would could should - all have a silent o and silent l.  
This is why these words are commonly misspelt - wud and cud. They could be thought as 'zebra' words - black, white, black, white.

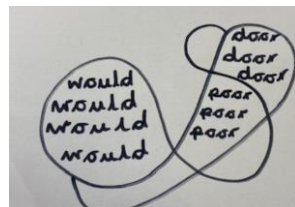

door floor poor - all have a silent o and end in the or sound.

#### **ACTIVITIES**

Why not make a word pyramid for each word?

Why not make a word scribble and fill it with this week's words?

*Can you bring your spelling practice to school so we can celebrate all your wonderful effort?*

**'Let your light shine before others' Matthew 5:16**
