Parental Involvement Task

In RE we are talking about getting married. If you are married or have been to a wedding perhaps you could sit down with your child and talk about your experiences. Perhaps you have photographs or even a video you could look at and discuss with your child. Talk about the people who were at the wedding, the traditions, the people who were getting married, the clothes people were wearing, the vows and what they mean. If you are happy to email in or send in a photograph of your wedding we could share with the class that would be lovely.
